TECHNICAL INFORMATION

Kali Duo in the Standard version with or without a container element (H 220 cm and 194,3 cm) is a transforming system with foldaway horizontal bunk beds, with the patented CF09 slatted bed base, folding opening and a safety system to prevent accidental opening and closing.

Tilting mechanism through gas springs and device that cushions movements, completely contained in the side of the structure, thanks to patented technology and special manufacturing.

When the bunk beds are out, an anodised aluminium ladder is fixed to both beds and acts as an additional supporting element.

The upper bed features a mechanism to pull bed down to make the bed easier, and the protection barriers are reclining in the metal and padded versions.

Reclining safety barriers are available in metal or upholstered versions.

Reclining padded headboard depending on type of barrier used, integrated mechanism to pull upper bed down to make easier the bed, LED light system with certified anti-shock mechanism complying with relevant regulations.

Kali Duo is available in the Standard, Board (large desk), Sofa versions.

The system can be free-standing or integrated with elements in the Living & Young System programs.

Kali Duo must be fixed to wall.

Wooden structure with adjustable nylon feet.

Ladder: anodized aluminium with joint details made of nickel-plated die-cast and couplers made of steel welded and moulded.

Reclining safety barriers in metal or upholstered versions.

- Standard: made of a steel tube painted with epoxy powder, to be closed by releasing the joints.
- Stuffed: iron core mechanism on three sides, stuffed with cold-foamed polyurethane, with removable fabric covering, to be closed by pushing on the buttons placed on each barrier and duly pinpointed by a fabric insert.

Stuffed reclining headboard (optional): iron core mechanism with padding made of cold-foamed polyurethane with removable cover.

The headboard can be placed on both beds when there is the standard iron barrier, but only on the lower bed where there is the padded barrier.

Mattress locking belts in nylon.

Available mattresses - H cm 18 single cm 80x 197 weight kg 14-16 in versions springs, memory, memory 7 zone, memory deluxe, latex and mattresses complying with usa relevant regulations.
