TECHNICAL INFORMATION

Kali transforming system features a tilting single (90 cm) or intermediate (120 cm) bed, with patented CF09 slatted bed base, a reclining fabric headboard and a patented large desk.

The tilting opening system is fitted with a safety mechanism preventing accidental opening and closing.

Tilting mechanism through gas springs and device that cushions movements, completely contained in the side of the structure, thanks to patented technology and special manufacturing.

The system transforms into the night-time position in one simple movement, without the user having to remove anything from the desk which pivots and slots in horizontally underneath the bed.

Kali transforming system is available in the Standard (horizontal 90 cm single or 120 cm intermediate bed), Board (single or intermediate bed, with desk) and Sofa (single or intermediate bed, with sofa) versions.
